

Peace Lutheran Church Memorial Garden

Peace Lutheran Church is constructing a Memorial Garden on its campus. Benches, trees, shrubs and flowers, low lighting, and a fountain water feature will provide ideal space for quiet meditation. The paving stone flooring features an inlaid cross near the memorial plaque wall.

In the memorial garden will be a wall with niches to provide a permanent place for cremated remains of our Peace family members. Niches are available for purchase as a single or double unit which will include two urns and an engraved granite face plate to identify the loved ones.

Another wall within the memorial garden will display granite plaques to remember those departed saints who are interred elsewhere. Granite plaques will show the name, birthdate and finally the date of death of the deceased.

Construction work will be completed by the end of the Summer 2017. For additional information, please contact the church office.
